

Environmental Policy

The management of CPX Printing & Logistics is committed to environmental improvement and the reduction of pollution. We intend to work with our customers, suppliers and the community to adopt procedures that:

- Reduce waste through innovative work practices by recycling paper and aluminium printing plates
- Minimise environmental impacts by the reduction of polluting substances produced
- Minimise the impact of our operations on the neighbouring community
- Increase the use of environmentally acceptable consumables, equipment and technology in place of those which are considered harmful
- Ensure that our suppliers follow acceptable environmental policies
- Actively promote environmental awareness amongst staff, clients and customers
- Comply with ISO 14001 standard requirements

We recognise the overall environmental responsibility and sustainability rests with management, who will be accountable for the implementation of this policy. These responsibilities include:

- Ensuring that all environmental policies and procedures are implemented
- Establish measurable objectives and targets to ensure continued improvement aimed at the elimination of waste, pollution and environmental harm.
- Encouraging consultation and co-operation between management, employees and stakeholders in matters which may affect or impact on the environment
- Provide adequate resources to meet our environmental commitments

Employees also have responsibilities, which may include:

- Following all environmental procedures and policies
- Recognizing and reporting hazards which may affect the health and well-being of the environment
